

Psrks and Recreation Committee Meeting June 9, 2022 at Barnes Town Office

Meeting called to order at 9:00 by Chairman Blair Gagne

Quorum established with members present: Marc Lybeck, Mark Sutton, Blair Gagne, Terry Kolberg, Kay Erdahl, Marcia Wellnitz. Also in attendance: Tom Renz, Town Board Liaison and Loren Bohl, Park Maintenance. Public notice was posted on 06/07/2022.

A motion to approve the agenda and dispense with of the minutes of May meeting was made by Marcia, seconded by Terry. Passed.

No work was done yet on clearing trees for sledding hills (both new proposed one and existing one) Blair will meet with Jeff at TLP to show him exactly what should be cleared.

A fire pit at TLP was discussed last month and no decision was made on a good place for one and whether it was necessary, so a fire pit area is put on hold for now.

Brush Hog will be purchased by Friends of TLP at Tractor Supply. Tom will take care of ordering it.

Storage garage at TLP will be 30 X 32 and still looking for bids for next year construction. The area will be marked off so a concrete slab could be poured this year. The \$5000 grant for the tennis court can be used towards this project. It may cost a little over that – and the Friends of TLP has funds that could be applied to this cost.

Pickleball/tennis court project. The windscreens are ordered and Terry will order ties to install it after the resurfacing is done. There are a few weeds growing into the fence that Loren will look at before the resurfacing is done. Players will need to be informed that the courts are closed for a time with this project, so signs on entrances and notices on town website and Facebook will be posted.

Skating rink is a continued discussion with maintenance looking at what can be used around the edges to keep water from leaking as it freezes.

Blair handed out a copy of our committee's purpose, goals and responsibilities for members to read over and discuss and possibly update at a future meeting. A prospective committee member is in the process of handing in her application to the town board for approval.

A motion was made to adjourn at 9:50 by Terry, seconded by Marc. Passed.

Respectfully submitted by Terry Kolberg
