SANTA.

We leave him milk and cookies, & leave carrots for the reindeer. We can't fall asleep in anticipation of what's to come.

You don't have to give up believing in Santa just because you grew up. You should continue to believe as it gives us the ability to **hope**; the same as in prayer.

CHRISTMASSES OF OLD.... There is nothing like the memories of Christmases gone by. The warmth of coming home, the sound of Bing Crosby and Perry Como records playing on the phonograph (*I'm sure some of the people reading this probably have no idea what I'm talking about*). The aroma of dozens of cookies in the oven, the tinsel and icicles on the tree, and so much more. I have never forgotten the feeling of coming home after school knowing that mom had been baking sugar cookies that day and would have left the Santa cookies for my brother Bill and I to decorate. She would always leave those for us. When it was time to wrap presents, she would wrap them and leave the bows for us to put on, and then we would race to place them under the tree. Of course, trying to guess what they were, not once, but many times until Christmas Eve when we would finally get to open "one" present.

In this month's **REMINISCING** we share a Christmas story from Cindy (Bott) Boles, who grew up in Barnes after moving here with her family in 1973. During and after raising their family in the Minneapolis area, Cindy and husband Tim built a home in Barnes knowing they would once again move here for love of the area and the memories created here over the years. I have been trying to use a thought I had about the "*wonder of the time.*" What better situation to use these words than with the sharing of a friends dearest memories.

Along with this wonderfully warming story, we'll share songs and stories of Christmas. We all have that one favorite that we love and never tire of, whether it was a favorite as a child or a favorite of someone we've lost that brings special meaning and memories to us.

We also need to remember the meaning of Christmas - *the birth of our Savior, Jesus Christ*. Too many times our children are lead one way or the other regarding Christmas. It is OUR responsibility as adults to make sure they understand what Christmas is really about, and the reason we pray and celebrate our Lord. But, we also have to let our children be "kids" and allow them to look up in awe at the lights, and the glory that encompasses everything about the wonder and joy of the season. *God Bless the dear children*. God loves us with such great joy, and who better than He to understand and embrace our choice to allow Santa to live in our hearts as well.

I'd like to give a **HUGE THANK YOU** for donations to the Barnes Notes and News that have been received in memory of Judy Solberg, donations left at various establishments around town, and through individual support. What a grand and giving realm of people we have in our community, and beyond. It truly embraces the Christmas spirit that we need to keep and share every day of the year.

I would also like to thank my elves;
Cindy Boles, Jeff Fullington, Carol LeBreck, Paula Greenspan,
Sally Pease, Lu Peet and John & Ariel Amend.

Town of Barnes Announces Credit & Debit Card Payment Options for Payments

Beginning December 15th, individuals who wish to make payments to The Town of Barnes using credit and debit cards may do so through GovPayNet®. GovPayNet accepts the major credit and debit card brands for payments 24/7 on-site, online (www.GovPayNow.com) or by phone (1-888-604-7888). Cardholders can make payments on their own behalf or on behalf of friends or family. They need only have some basic information regarding the payment, easily provided by the Town of Barnes. For added convenience, GovPayNet has a fully staffed, bilingual call center available 24/7.

Cardholders pay a service fee at the time of their transaction. There are no charges to the Town of Barnes for participation in the GovPayNet service. Improving the convenience of payment transactions with the Town of Barnes means more frequent and timely payments, increased agency revenues and reduced government costs.

"Cardholders can pay their obligations to the Town of Barnes in the same way they handle other transactions, anytime, day or night, and without having to write a check, carry large sums of cash, or wait in line," explained Judy Bourassa, Clerk/Treasurer, "This increases our efficiency and improves service."

GovPayNet accepts Visa®, MasterCard®, American Express® and Discover®. "Each business day, we reconcile the previous day's payments with the government agency and then electronically forward the cardholders' payments in full to the agency's bank account," said Mark MacKenzie, CEO of GovPayNet. "We also handle all cardholder calls and inquiries about any payment issues," he added.

GovPayNet, based in Indianapolis, is a category leader in accepting credit and debit card payments on behalf of government agencies. More than one million cardholders annually rely on them when making payments to over 2,300 agencies in 35 states. GovPayNet processes over \$200 million annually in payments to government agencies.

"Making GovPayNet's services available is an excellent opportunity for the Town of Barnes to be at the forefront in offering a convenient, flexible way to pay government obligations," noted Judy Bourassa.

For more company information, visit the website at www.GovPayNet.com or call GovPayNet toll-free at (888) 561-7888.

HELP BUST THE WINTER BLUES -

Vitamin D

At present, Vitamin D supplementation by itself is not regarded as an effective SAD treatment. The reason behind its use is that low blood levels of Vitamin D were found in people with SAD. The low levels are usually due to insufficient dietary intake or insufficient exposure to sunshine. However, the evidence for its use has been mixed. While some studies suggest Vitamin D supplementation may be as effective as light therapy, others found Vitamin D had no effect . . .

Living in Wisconsin we need more Vitamin D than you might think.

YOU MAY HAVE BEEN SEEING BUTTONS AROUND TOWN THAT SAY...

“YES! THERE IS A BARNES, WISCONSIN”

Back in the 70's, the Homemakers Club sold the buttons for fundraisers.

Recently, long time resident and friend, Tom Van Delist, came across one of the buttons in his mothers belongings and decided it was time to bring them back. A GRAND gesture, they will be sold to help raise funds to support the new storage building for the Barnes ATV and Snowmobile clubs. Also, for the Barnes Notes and News. Thank you Tom!

GREAT STOCKING STUFFERS!

The buttons are \$ 4.00 each or 3/\$10.00. You can purchase the buttons at many local establishments.

The cold can reek havoc on your pets paws! When walking, the snow and ice can actually burn them. If it's below 10 degrees please make sure they aren't out too long or have boots on. You can get boots at local pet supply stores, Vet supply stores or pet pharmacies.

REMEMBER TO THANK A VET, EVERYDAY

CHRISTMAS IN THE TRENCHES:

"The only thing separating the two armies on that cold December night in 1914 was a barren stretch of muddy ground called No Man's Land. It was in this setting that the miracle began.

A faint sound of singing cut through the frosty air.

Stille Nacht, heilige Nacht...

Then the other voices joined in.

Silent night, holy night...

For a brief time, the enemies stopped fighting and behaved as friends. As many as 100,000 soldiers are assumed to have participated in what became known as the unofficial Christmas Truce."

Written by: John McCutcheon

What a great book to remind us of how just *one* thing can stir the Christmas in our hearts. I have it on my coffee table during Christmas and very visible the rest of the year.

We must thank all vets from all wars for their service and their sacrifices. Not just on Memorial Day or Veterans Day, but every day. Without them, we would not be able to keep this book on our shelves to read to our children and make them understand what it meant for these soldiers to have a Christmas moment, even for as short lived as it was.

**MERRY
CHRISTMAS !**

*Share the Spirit...
Take a moment to visit a
neighbor for a chat and a cup of
tea. A warm smile and a kind
word has extra meaning this
time of year.*

UFO CRAFTERS

UFO Crafters had their first November meeting on Monday, November 13. We are a slightly smaller group these days as most of our snowbirds have flown south for the winter. The hardy souls who stay to enjoy our cold season were busy making Christmas projects. Some Garden Club members joined us to make Christmas cards for the Garden Club. Some of those who come on Mondays to make their own cards joined them and the work went quickly. In no time at all 25 cards were completed and ready for printing the greeting inside. Others continued working on knitting projects of a shawl and a sweater. Conversations were mostly about the cards being made but we managed to talk about Thanksgiving plans and who would be hosting and who would be traveling. All were wished a Happy Thanksgiving and safe travels.

The second monthly meeting was held on Monday, November 27. Projects this day included card-making. Some of the card projects were to finish the Garden Club cards by adding the greeting, one person continued making cards using photos she had taken and had printed, and another was stamping cardstock in preparation for finishing. Knitting projects included a different shawl from last time, the sweater in progress, and Knitted Knockers. These last are a 'charity' project. Soft knitted bra fillers are knitted with specific yarns and sent to a central distribution center for disbursement world-wide to women who have had mastectomies due to breast cancer. Check out the website if you're interested in helping or want more information, www.knittedknockers.org.

One person brought in a dog sweater she had knitted for her short-haired dog. Someone else brought in some charming embroidered pillows she had started work on, but didn't want to finish, to see if anyone would like them. Conversations included Thanksgiving Day activities, other crafts including embroidery and the need for magnifiers for our older eyes when doing small crafts these days, Instant Pots, air fryers, and Christmas plans. A good time was had by all and we finally had to force ourselves to leave.

Our next meeting will be Monday, December 11, at the Barnes Town Hall at 1:30 P.M. We will not meet a second time in December as our second date would fall on Christmas Day. It was jokingly mentioned that we might appreciate the break but decided against it, eventually. These gatherings are open to everyone. There is no meeting. It is very informal. Come for the afternoon. Leave if you must. Any crafts are welcome or none if you just want to get away for a few hours and have a relaxing afternoon in good company. We have not been joined by weavers, spinners, or carvers yet but you are certainly welcome as there is plenty of room for everyone.

Have a great holiday season. Remember to take care of yourselves as well during the activities and we'll see you in January.

Medicare Part D Annual Enrollment Period

By the GWAAR Legal Services Team (for reprint)

Each year October 15 through December 7, is an Annual Enrollment Period (AEP) for Medicare Beneficiaries to enroll in and/or change their Part C and/or Part D plans.

During the AEP, a person can make any of the following changes:

- Join a Part D plan (if not already enrolled);
- Drop a Part D plan;
- Switch to a new Part D plan;
- Drop a Medicare Advantage plan and return to Original Medicare; or
- Join a Medicare Advantage plan with or without drug coverage.

Changes made during the AEP become effective on January 1, 2018. Even if a person is happy with his or her current Part D plan, he or she should still re-evaluate that drug plan to determine if it will best meet needs for 2018. Because Part D plans are privatized, they are allowed to change the terms of coverage every year, which means new Part D plans become available, and some Part D plans stop offering coverage in the state. Even if a plan continues to offer coverage into the following year, its monthly premium, formulary, pharmacy network, deductible, and copay amounts could all change!

It's important that Medicare beneficiaries review their Annual Notice of Change (ANOC), which arrives in the mail on or before September 30th. This document notifies Medicare beneficiaries of the changes for their Part D plan that become effective January 1, 2018.

The most effective way to choose a Part D plan is by going on the www.medicare.gov website and using the "planfinder" tool. The planfinder asks a person to enter his or her zip code, prescription medications, and preferred pharmacies. Based on that information, the planfinder will list the plans that would be most cost effective for that person.

Unfortunately, research shows that fewer than 10% of Medicare beneficiaries are enrolled in the most cost-effective Part D plan. Name recognition or looking at a plan's monthly premium alone are not good ways to choose a plan. If you are unsure how to pick and evaluate a plan, you can use the following resources:

- A Local Elder Benefit Specialist:
 - ♦ In Ashland County, please call Amy Janecek at 715-685-2040, Monday-Thursday.
 - ♦ In Bayfield County, please call Sheila Mack at 715-373-6144, ext. 179, Monday-Thursday.
- A case manager or social worker

CAR CARE WITH SPARKEY

Brought to you by: Bills Garage

WHO'S IN CONTROL

Is your car smarter than you are? In some aspects yes it is. I'm afraid the engineers in Detroit don't have a very high opinion of us as operators.

So, the "computer", or "control module" which is the proper terminology, is asked to do more and more to the chagrin of us old timers, but that's progress. The control module is faster and more predictable at making decisions than we are.

These control modules operate everything from power train, braking, steering and suspension systems, to climate control, lighting, entertainment and safety systems (automatic emergency braking, blind spot detection, adaptive cruise control, stability control, electronic steering and back up cameras.) If your car is less than a couple of years old, you probably have a key less smart fob that allows the vehicle to sense your approach, unlock the doors and wake up the "on board" electronics.

The day is coming when you'll be "just along for the ride." You will still get a steering wheel, but it won't be attached to anything. If the police pull you over, do they send the ticket to some engineer in Detroit? I don't think so, probably to some mechanic that can't figure out what the heck is going wrong. So if you want to lay rubber or fish tail on a slippery road better do it soon..... Please drive safely.

GORDON MacQUARRIE

Submitted by: Larry Bergman - BAHA (Barnes Area Historical Association)

The Barnes Area Historical Association Museum opened in the early summer, 2016. One of the larger sections on display is an exhibit of the life and times of Gordon MacQuarrie. For those who are unfamiliar with him, MacQuarrie was a newspaperman who started started at the Superior Telegram back in the 1920s— mainly writing about outdoor topics. He and his father built a vertical log cabin on the Middle Eau Claire that still remains today, and from where much of his legend grew. His father-in-law was Al Peck, a car dealer up in Superior, who was an avid hunter and fisherman, and taught his skills to Gordon.

From the many hunting and fishing outings that he and Al experienced, came the stories and tales that shaped hundreds of newspaper columns and several books. He wrote true stories salted with a bit of humor, embellishment and self deprecation. Duck hunting was a particular favorite sport that he and Al enjoyed, and his description of their secret hunting spots were described in a kind of code and passed on only to some of their cronies. A lot of those spots like “The Cathedral”, “The Hole in The Wall”, and the “Thoroughfare” were right here in Barnes. MacQuarrie created a secret club called “The Old Duck Hunters Association, Inc.” (ODHA), with “Inc.” meaning “Incorrigible”. Al Peck was the President and was humorously referred to as “Hizzoner” (his honorJ). Only Gordon and his father-in-law were members. MacQuarrie’s books were filled with stories of their escapades. Gordon went on to the Milwaukee Journal where he became the first nationally known outdoor writer in the country, although his heart was still in Barnes and he spent as much time as possible here.

The Museum display consists of much of his memorabilia and equipment, such as his duck boat and decoys, his typewriter with an actual unfinished manuscript, and many other items and pictures that portray his life. The display items were donated by Keith Crowley, who wrote Gordon’s Biography and has gathered quite a lot of memorabilia, and by Fred Barnes, who came by some items after Gordon’s death in 1956, when his widow asked Fred’s father to sell the cabin for her. She asked young Fred if he would like some of the hunting items because she had no use for them and that he could help himself. The duck boat, decoys and a shotgun were among those items.

Some of the events and projects that we are working on at the Museum included an annual “Gordon MacQuarrie Pilgrimage & Tour”, which is a two day event that we are holding on August 24th and 25th in 2018. This event was started in September 2016 by Dave Thorson, and was well-attended by guests from near and far. Dan Small, from Outdoor Wisconsin on PBS, filmed interviews and made them part of two episodes. Unfortunately, Dave passed away last December, so we are continuing what he started and dedicating this event to him. The Museum also plans to host an annual Lecture by Keith Crowley.

There was standing room only at the Museum at Crowley’s appearance last summer, and guests came from as far away as Missouri, Indiana, and Illinois. We also recently received permission from the Milwaukee Journal to access all the archived articles that MacQuarrie wrote for them which we intend to compile into one or two books for publication. Another MacQuarrie scholar, Dave Evenson, is the impetus behind that project.

The MacQuarrie Legend has spread throughout the country, particularly among duck hunters, and we have had visitors from as far away as Texas and even from Canada. Because of this high interest, the Museum is working to bring our efforts to the attention of Ducks Unlimited, and Trout Unlimited, two large national Sportsman’s organizations. Also, in an effort to unite these followers together, this past summer we created an adjunct membership called “The Old Duck Hunters Association Circle”. This is intended to help support our efforts and communicate our activities to those members deeply interested in Gordon MacQuarrie. As of this writing, we already have 31 who have joined, two of which are Lifetime Members. We are also offering a line of apparel that has well-received: check out our website, bahamuseum.org , for more information on that. We would welcome your enrollment.

The Gordon MacQuarrie display is a worthwhile part of the Museum to see we encourage everyone to attend upcoming events. “Barnes Notes and News” will have specific information about events as details are finalized. Also, if you are interested, read Gordon’s “Trilogy”. His three-book series is an interesting writing of the many tales of the Old Duck Hunters Association. His unique humor makes for a colorful narrative of his adventures.

We are quite sure that reading some of MacQuarrie’s writings will whet your appetite for more. We look forward to these activities and much more at the Museum in 2018. We hope to see you there!

New Medicare Cards Are On The Way

Watch for scammers. This change will happen automatically – you won't have to pay anyone or give anyone information, no matter what someone might tell you.

May 18, 2017 by Andrew Johnson, Consumer Education Specialist, FTC
<https://www.consumer.ftc.gov/blog/2017/05/new-medicare-cards-are-way>

Changes are coming to your Medicare card. By April 2019, your card will be replaced with one that no longer shows your Social Security number.

Instead, your card will have a new Medicare Beneficiary Identifier (MBI) that will be used for billing and checking your eligibility and claim status.

Having your Social Security number removed from your Medicare card helps fight medical identity theft and protect your medical and financial information.

Even with these changes, scammers will still look for ways to take what doesn't belong to them. Here are some red flags and ways to avoid Medicare scams:

- ☞ Is someone calling, claiming to be from Medicare, and asking for your Social Security number or bank information?
Hang up. That's a scam. First, Medicare won't call you. Second, Medicare will never ask for your Social Security number or bank information.
- ☞ Is someone asking you to pay for your new card?
That's a scam. Your new Medicare card is free.
- ☞ Is someone threatening to cancel your benefits if you don't give up information or money?
Also a scam. New Medicare cards will be mailed out to you automatically. There won't be any changes to your benefits.

For more on changes to your Medicare card, visit [Centers for Medicare & Medicaid Services](http://www.cms.gov).
 (www.cms.gov) To report scams visit the [FTC Complaint Assistant](http://www.ftccomplaintassistant.gov) (www.ftccomplaintassistant.gov)

DECEMBER REMINISCING: "Our First Barnes Christmas"

Oh
Christmas
Tree ...

Our First Barnes Christmas 1973

As I think back of Christmas's past, one in particular comes to mind as my favorite. It was 1973 and our family's first Christmas in Barnes. After moving to the area in June, with a six-month stay in Hayward while my father and brother Ken built our house on Birch Lake, we were set to move in just in time for Christmas.

One afternoon in mid-December the four of us, Mom, Dad, Ken and me, along with our collie "Flash," set out to harvest our first Wisconsin Christmas tree. Traveling along in a pickup truck, we set out on a beautiful December afternoon to parts unknown, looking for the "perfect" specimen. As we headed deeper and deeper into the forest, the snow started coming down in huge picture-perfect flakes. I don't recall singing Christmas Carols, but they were definitely singing in my head. Even as a 14-year-old kid, I felt like I was in a Grandma Moses painting. It couldn't have been more picturesque if we had planned it. We were all very excited to be spending our first Christmas "Up North" and in our new house. The fresh cut tree just made everything complete.

After quite some time trying to find a "perfect" tree in a forest of "not perfect" trees, we finally found one that we all thought was good. Luckily, and not like on "Christmas Vacation," my dad had a saw and ax. Ken and Dad went about cutting it down, while my mom and I were soon realizing the imminent problem. Four adults in the front of a single cab pickup truck were tight enough.... now we had to add a 40+ pound collie that had ridden out there in the bed of the pickup. Oh the laughs we had heading back in the deepening snow. In our focus of looking for a perfect tree, we didn't realize how far back into the deep woods we had driven. My father had a built in compass, so he knew exactly how to get out, but still, I worried.

We moved into the house on Birch Lake on December 24th, 1973. By evening that day, the tree was up and decorated, cookies were in the oven, a fire in the fireplace for the first time, and we were all settled in for our first long winter's nap!

THESE ARE A FEW OF MY FAVORITE THINGS

RUDOLPH THE RED NOSED REINDEER

Rudolph the Red Nosed Reindeer
Had a very shiny nose
And if you ever saw is
You would even say it glows

All of the other reindeer
Used to laugh and call him names
They never let poor Rudolph
Join in any reindeer games

Then one foggy Christmas Eve,
Santa came to say
Rudolph with your nose so bright
Won't you guide my sleigh tonight

Then how the reindeer loved him
As they shouted out with glee
Rudolph the Red Nosed Reindeer
You'll go down in History.

GOD BLESS US,
EVERYONE

My very first
"The Night Before
Christmas"
Julie

Every time a bell rings, an Angel gets his wings

'Twas the Night Before Christmas

'Twas the night before Christmas, when all thru the house
 Not a creature was stirring, not even a mouse
 The stockings were hung by the chimney with care
 In hopes that St. Nicholas soon would be there.
 The children were nestled all snug in their beds
 While visions of sugar plums danc'd in their heads
 And Mama in her 'kerchief, and I in my cap
 Had just settled our brains for a long winter's nap.
 When out on the lawn there arose such a clatter
 I sprang from the bed to see what was the matter
 Away to the window I flew like a flash
 Tore open the shutters, and threw up the sash.
 The moon on the breast of the new fallen snow
 Gave the luster of mid-day to objects below
 When, what to my wondering eyes should appear
 But a miniature sleigh, and eight tiny rein-deer
 With a little old driver, so lively and quick
 I knew in a moment it must be St. Nick
 More rapid than eagles his coursers they came,
 And he whistled, and shouted, and call'd them by name
 "Now! Dasher, now! Dancer, now! Prancer, and Vixen,
 "On! Comet, on! Cupid, on! Donder and Blitzen
 "To the top of the porch! to the top of the wall
 "Now dash away! dash away! dash away all!"
 As dry leaves before the wild hurricane fly
 When they meet with an obstacle, mount to the sky
 So up to the house-top the coursers they flew
 With the sleigh full of Toys - and St. Nicholas too.
 And then in a twinkling, I heard on the roof
 The prancing and pawing of each little hoof
 As I drew in my head, and was turning around,
 Down the chimney St. Nicholas came with a bound:
 He was dress'd all in fur, from his head to his foot,
 And his clothes were all tarnish'd with ashes and soot;
 A bundle of toys was flung on his back,
 And he look'd like a peddler just opening his pack:
 His eyes - how they twinkled! his dimples how merry,
 His cheeks were like roses, his nose like a cherry;
 His droll little mouth was drawn up like a bow,
 And the beard of his chin was as white as the snow;
 The stump of a pipe he held tight in his teeth,
 And the smoke it encircled his head like a wreath.
 He had a broad face, and a little round belly
 That shook when he laugh'd, like a bowl full of jelly:
 He was chubby and plump, a right jolly old elf,
 And I laugh'd when I saw him in spite of myself;
 A wink of his eye and a twist of his head
 Soon gave me to know I had nothing to dread.
 He spoke not a word, but went straight to his work,
 And fill'd all the stockings; then turn'd with a jerk,
 And laying his finger aside of his nose
 And giving a nod, up the chimney he rose.
 He sprung to his sleigh, to his team gave a whistle,
 And away they all flew, like the down of a thistle:
 But I heard him exclaim, ere he drove out of sight-
 Merry Christmas to all, and to all a good night.

WHITE CHRISTMAS

*I'm dreaming of a white Christmas,
 just like the ones I used to know.
 Where the tree tops glisten, and
 children listen to hear sleigh bells in

*I'm dreaming of a white Christmas,
 with every Christmas card I write. May
 your days be merry and bright, and
 may all your Christmases be white.*

Everyone is welcome and encouraged to join BAHA. People do not need to be a current or former resident of Barnes to belong.

We have come a long way in our efforts to make the historical center a reality. 2016, of course, was a landmark year for us with the opening of our museum. 2017 continued to be an exciting year as well, with many new displays and events. We have also established a new group within BAHA called the Old Duck Hunters Association Circle (ODHA Circle). This group, with a separate membership, was established to honor and explore Gordon MacQuarrie's life and times. MacQuarrie was a famous writer and personality with many ties to the Barnes area. In 2018, our plans include moving the Pease School and the Kaufman log cabin to our museum site.

All of this growth was possible only with the help and support of our members and community. We welcome and appreciate your continued help, both financially and with volunteer efforts. We have a wide variety of needs and ways to be involved, including helping maintain our physical facilities, greeting visitors at the museum, maintaining our records and exhibits, writing grant proposals, organizing and working at fundraising events, and much more. Please contact an officer or board member if you can help in any way. Without all of you, we could not have accomplished all that we have in just these few years.

The monthly BAHA board meetings are usually held on the third Thursday of the month at 9:00 am at the BAHA Museum on the corner of County N and Lake Road in Barnes. All members are encouraged to attend and participate in the discussions. The Annual Meeting is held on the third Thursday in October of each year. We send emails with meeting minutes and updates on events, so please include your email address if you have one.

Current BAHA memberships expire on the 31st of December, 2017. For those who joined after July 1, 2017, your membership expires on the 31st of December 2018.

We have our 501(c) (3) number and are a valid non-profit organization. Any donations made to BAHA are tax deductible.

If you would like to join BAHA or are renewing your membership, we have provided a membership form below. Please fill out the form completely and return to the address indicated on the form. For more forms contact Lu Peet-Membership Coordinator.

BARNES - GORDON GARDEN CLUB - Submitted By: Bonnie Dealing

There was no meeting in November as it was decided that the date was too close to Thanksgiving. Instead the club will meet at 10:00 A.M. on Thursday, December 7, at the president's home to make evergreen swags for the Christmas boxes. This will be followed by a light lunch with a meeting to follow.

GOOD EATS - FOODS & RECIPES

The Spice Corner:

ROASTING CHESTNUTS

There's very little that warms the heart as much as the thought of the old days when chestnuts were roasting and the smell of turkey and pies baking filled the house for a whole day. Here are some tips and tricks for roasting chestnuts whether to add to the dressing or just to snack on.

Chestnuts are often thought of during Christmas time as a treat. A popular Christmas song refers to them being roasted over an open fire. They are not usually a common ingredient the rest of the year. However, there are ways to enjoy chestnuts at any time provided they are chosen, stored and prepared correctly. Although referred to as a nut because of the hard shell, they have more of a soft, grainy texture inside as opposed to being hard and crunchy like nuts.

Ingredients:

- 1 1/2 to 2 pounds whole chestnuts in shell
- 1 teaspoon vegetable oil
- 1/4 cup water

Special Equipment

A chestnut knife (optional); a large heavy skillet (preferably cast-iron) with a lid

Directions:

Make a large X in each chestnut with chestnut knife or a sharp paring knife, cutting through shell. Toss chestnuts with oil in a bowl.

Heat dry skillet over moderately low heat until hot, then roast chestnuts in skillet on stovetop, covered, stirring every few minutes, for 15 minutes total.

Add water and continue to roast, covered, stirring occasionally, until water is evaporated and chestnuts are tender, about 5 minutes more. Serve hot.

CINNAMON-APPLE PORK CHOPS:

From: Taste of Home—Diabetes Issue

Ingredients:

- 2 Tbsp reduced fat butter, divided
- 4 boneless pork loin chops (4 ounces each)
- 3 Tbsp brown sugar
- 1 tsp ground cinnamon
- 1/2 tsp ground nutmeg
- 1/4 tsp salt
- 4 medium tart apples, thinly sliced
- 2 Tbsp chopped pecans

Directions:

- In a large skillet, heat 1 Tbsp butter over medium heat. Add pork chops; cook 4-5 minutes on each side or until a thermometer reads 145 degrees. Meanwhile, in a small bowl, mix brown sugar, cinnamon, nutmeg and salt.
- Remove chops; keep warm. Add apples, pecans, brown sugar mixture and remaining butter to pan; cook and stir until apples are tender.

Serve with Chops

MULLING SPICE BAGS:

From: Christmas from the Heart

Ingredients:

- 4 cinnamon sticks
- 8 whole allspice
- 8 whole cloves
- 4 Tbsp dried orange peel
- Cheesecloth and butcher's twine

Directions:

Cut a double thickness of cheesecloth into 4"x 6" squares. Onto each square, place one cinnamon stick, 2 cloves, 2 allspice and one tbsp. orange peel; bundle up and tie with twine. To serve, place a spice bag in one gallon of cider. Simmer 30 minutes.

Toasting Nuts or Coconut:

Spread nuts or coconut in a single layer on a shallow baking pan. Bake in a 350 degree oven for 5 to 10 minutes or until the pieces are golden brown. Check the pieces frequently to make sure they do not brown too quickly. If they start to burn, they will go quickly and generally cannot be salvaged. Stir once or twice.
