TownOfBarnesWI.gov / Community / Barnes Notes and News / 2023 / pick the month

And it's that time of year again. The kids are back in school, the weather is cooling down and the leaves are starting to turn. We are starting to harvest our bounty, Bob's Barronett is not disappointing, and we're getting our canning supplies ready. Summer has come to a close and we'll be raking our yards and hoping we don't have a foot of snow before we can get our patio tables put away. We also look forward to the beauty and splendor of the fall. We are blessed to have the color changes that we do, and to be close enough to see the changing of the leaves in stages. The farther north we go, the later the change. One place I love to visit in the fall is the Porcupine Mountains in the Upper Peninsula of Michigan. If you keep heading east along Lake Superior, the color is absolutely incredible. The color change in the northern areas is usually a week or so later than here in the Barnes. Going up the North Shore is another trip that will "WOW" you. Take time to see the wonders of Northern Wisconsin, even if it's just around town. Follow the "Color Tour" signs along Hwy 63 and Hwy 77.

SEPTEMBER-REMINISCING - THE KOFFEE KUP... revisited. If you know me, you know this place is near and dear to my heart, and the whole Frierwood family. Last fall we shared the purchase of the business by Rae and Angie Arseneau. We invited them in to share their experiences so far but they have been, justifiably so, way too busy. We'll see them in October. If you've not had a change to stop in and say hi, make it a point to do so. You won't be disappointed.

REMEMBER:

Trivia Answer # 9: Bruce Smith with 200 career sacks

PLEASE WALK AGAINST the TRAFFIC!!!! THIS IS FOR YOUR SAFETY.

I do understand in the city you have sidewalks and it doesn't really matter, but in the country we **must ask** that you abide by the "rules of the road". **BIKE WITH** traffic (ditch to your right). **MAKE SURE** your dog is always on the "ditch" side of you and **NOT** on the road side.

*I'd like to thank those of you who are walking with your pets away from the road. For those of you I've seen with your pet on the car side of the road, **MAKE THE SWITCH.** If your dog darts toward traffic, you're not in the way to intervene. **The outcome of that is obvious.** Love your pets enough to keep them safe.*

**NOTE: PLEASE REMEMBER THE STATE, COUNTY AND TOWN LEASH LAWS
YOUR DOG MUST BE ON A LEASH FOR THEIR SAFETY & THE SAFETY OF OTHERS**

CABLE AMERICAN LEGION - POST 487

Hello Automobile Enthusiasts!

The Cable American Legion Post 487 would like to invite you and your friends to partake in their Annual Classic Car, Truck and Motorcycle Show that will be held at the Cable American Legion on Cty. M, about one mile east of Cable, Wisconsin.

This year's event is dedicated to former Commander David Hanks of Post 487 who passed away this past Fall. David was an Air Force Veteran that started the Cable American Legion's Car Show many years ago and we're proud to be able to keep his vision of a classic car show in our community going after all these years.

****Save The Date****

This year's event will be on Saturday, September 2nd, 2023 from 9am until 3pm. Registration begins at 9am and closes at Noon. There's no need to pre-register. Entry fee cost is \$10 per vehicle up to two. If you plan on bringing more than two vehicles, total entry fee will be \$20.

As always, there will be several categories available with 1st and 2nd place cash prizes this year in *most* class categories. *Categories are listed below.

- *Lunch and refreshments will be available on Saturday along with full bar services.
- *No fee for spectators. We invite all spectators to place their vote for the "People's Choice" award as they walk around the show on Saturday.
- *Please leave your pets at home.
- *This is a rain or shine event.
- *Any interested vendors, please contact Gary in advance (please no food vendors).

"Like" us on **Facebook** where you'll find up-to-date information (**American Legion Post 487-Cable, WI**)

Any questions or comments, please contact Gary at: 715-580-0683 from 9am-9pm.

Thank you and we look forward to seeing you at the Cable American Legion Car Show on Saturday, September 2nd. *Please pass the word!

YOUR SEPTEMBER HOROSCOPE

Zodiac

Aries

Taurus

Gemini

Cancer

Leo

Virgo

Libra

Scorpio

Sagittarius

Capricorn

Aquarius

Pisces

Aries: March 21 - April 19: You will be charged up to tackle tasks like a true champion. Your energy knows no bounds, so make sure to channel it into both work and self-care. In relationships, your passion is on fire. If you're single, sparks could fly unexpectedly. For those already coupled up, inject some fun and spontaneity into your connection. However, don't let all this excitement lead to burnout. Listen to your body and mind. Balance is key to avoiding feeling overstressed.

Taurus: Aprils 20 - May 20: As the month progresses, you'll find that blending your creative energy with the comfort of your home brings a unique kind of satisfaction. Express yourself through your creations and share them with your loved ones. And when you're not busy being the creative genius that you are, remember to kick back and savour the simple pleasures of home. Family gatherings, home decor projects, and cosy nights in inviting you. Spend quality time with loved ones you've been missing.

Gemini: May 21 - June 21: This month, your curiosity will be on overdrive. You'll be eager to explore different ideas, cultures, and perspectives. Whether it's through travel, higher education, or simply delving into a new subject, you're hungry for knowledge and personal growth. Don't let your enthusiasm lead to over-commitment or unrealistic expectations. Don't shy away from taking calculated risks, especially if they promise personal and professional growth.

Cancer: June 22 - July 22: This month might feel like a rollercoaster ride for your emotions. Buckle up as you navigate through highs and lows in your emotional landscape. When it comes to your finances, it's a good idea to steer clear of major investments for now. The stars suggest that this might not be the best time to make big financial decisions. Instead, focus on budgeting and saving. Amidst the emotional whirlwind, you'll find solace in spirituality.

Leo: July 23 - August 22: Friendships will take precedence this month. Your social calendar could fill up with gatherings, reunions, and meet-ups. This is an excellent opportunity to reconnect with old pals and make new friends who resonate with your energy. Make sure your needs and desires aren't overshadowed by the needs of others. Career-wise, you might find that partnerships at work lead to fruitful outcomes. Don't hesitate to seek advice or assistance from colleagues.

Virgo: August 23 - September 23: This month might bring a slight dip in energy, so make sure to rest well, eat nutritiously, and maybe even sneak in some light exercise. Avoid stress, as it could affect your well-being. On the social front, it's a good time to steer clear of disputes. Misunderstandings could arise, but your calm and composed attitude will help you handle them smoothly. Career-wise, the stars suggest that change might be in the air. You could be presented with new job opportunities.

Libra: September 23 - October 23: This month, get ready for some exciting changes in your love life. If you're single, the stars suggest the possibility of a new and promising love affair on the horizon. If you've been hoping to expand your family, the stars are in your favour. A potential childbirth or positive news related to children might be in store. When it comes to investments, it's wise to exercise caution. The financial landscape might be a bit uncertain, and rushing into decisions could lead to losses.

Scorpio: October 24 - November 21: You might find yourself feeling a bit restless at home. Family matters might demand your attention, so a little extra patience could go a long way. Your social life will be buzzing, and your natural charm will be on full display. You'll find it easy to strike up conversations and make new friends. This is a great time to start a blog or podcast to express your ideas. At work, it is an ideal time for presentations. Your ideas will be well-received.

Sagittarius: November 22 - December 21: This month, you're likely to experience positive developments in your financial matters. Whether it's through your job, a side venture, or even unexpected sources, keep an eye out for chances to enhance your income. Also, there's a possibility of embarking on a long journey. This could be for leisure, work, or even personal development. The health of a family member, specifically your mother, may require your attention this month.

Continued on Page 12

YOUR SEPTEMBER HOROSCOPE

Capricorn: December 22 - January 19: This month, your focus will be on family matters. Spending quality time with your loved ones will bring harmony to your relationships. Your supportive and caring nature will shine, making your home a comfortable and nurturing environment for everyone. September is a good time to pay attention to your finances. You will find opportunities to save money by budgeting wisely and cutting down on unnecessary expenses.

Aquarius: January 20 - February 18: If you've been thinking about investments or saving for the future, now is a favourable time to research and make well-informed decisions. Consult a financial expert if needed to make the best choices. On the personal front, this is an opportunity to prioritise self-care and boost your self-image. Pamper yourself, indulge in activities that make you feel good, and practice self-love. However, be mindful of potential conflicts related to money with loved ones.

Pisces: February 19 - March 20: Travel could bring new perspectives and a refreshing change of scenery, rejuvenating your spirit. You might receive valuable guidance, support, or even a new level of understanding from your father or father-like figure. This could be a time to mend any differences and build a stronger foundation in your relationship. Towards the end of the month, an opportunity to enhance your skills could arise. Consider taking a short course or workshop to boost your expertise.

Barnes Area Historical Association, Inc.

Barnes, WI 54873

Barnes Area Historical Association, Inc. (BAHA) was established in 2005 by area citizens who are dedicated to preserving the history of the Barnes Area through education and preservation.

The Barnes area consists of the Town of Barnes and includes the areas of: Brule, Cable, Drummond, Gordon, Hayward, Highland, Iron River and Solon Springs.

The BAHA monthly board meetings are usually held on the third Thursday of the month at 9:00AM in Barnes at the VFW Hall on Lake Road. All BAHA members are encouraged to come to these meetings and participate in the discussions.

Our first and foremost project will be to continue to plan for our history center.

The Annual Meeting is held on the third Thursday in October of each year at the VFW Hall.

We have our 501 (c) (3) number and are a valid non-profit organization.

Any donations made to BAHA are tax deductible.

We invite everyone to join BAHA and participate in our projects. Members do not need to be current or former residents of Barnes.

Single yearly membership - \$15.00;

Family or couple yearly membership - \$25.00

Other membership categories are available upon request

Please contact our Secretary, Lu Peet

SPONSORED EVENTS: Stay tuned for Dates

- Summerfest / Raffle
- Winterfest and Big Cash Raffle
- ODHA
- Gordon MacQuarrie Pilgrimage Tour

BAHA is the sponsor of the Old Duck Hunters Association Circle (ODHA)

As part of our grant from the Henry and Sarah Wheeler Historical Awareness Fund of the Duluth Superior Area Community Foundation, we are carrying out two educational events this summer on Ojibwe history and culture.

One is a workshop on making traditional Ojibwe baby moccasins, conducted by Ramona Morrow of the Las Courte Oreilles on August 19.

The other is about the history of the Old St Croix Trail in Barnes and the network of Native American footpaths used for centuries throughout North America along with the planned Northwest Sands Barren Auto Tour to run along the Old St Croix Trail.

Here's a peek at some of what you'll find when you visit!

BARNES AREA HISTORICAL ASSOCIATION NEWS

As the renovation of the Pease One-Room Schoolhouse keeps moving ahead, we continue to search for early schoolhouse items to complete our "replica early 1900s classroom room" within a portion of the building. Artifacts related to all of Barnes' early schoolhouses will be displayed throughout the building, along with historical documents, photographs, collected memories, etc. Our hope is to educate and inspire an understanding of what "life within these schools" was like for students, teachers, and community members.

** If you have any items that might be in need of a "new home", please let me know. They will be warmly welcomed into our schoolhouse and greatly appreciated! I will happily arrange to pick up any items and cover any costs that might be involved. If you have any relevant items that are not on our list, please let me know. I'd be interested in learning more about them!

Updated list of Items being sought for the Pease One-Room School:

- Early US Flag [for wall mount with pole]
- Hand-held slate boards; Erasers & box of chalk
- Organ stool
- Old textbooks – K-8 grade levels [pre-1940]
- Kerosene lamps [wall-mounted style and hanging style]
- Water dispenser [5 gal. pottery with spigot or similar]
- Table model, battery-powered Radio [for "School On the Air" programs]
- Lunch buckets, pails, boxes
- Globe [pre-40s would be interesting - we have one dated to the 70s]
- Cursive writing scroll and other classroom teaching resources
- Small teacher's desk or table
- Two full body mannequins: one adult female [for the schoolhouse teacher; one elementary age child/student]
- Early 1900s garments [dress for the teacher; daily school clothing/wear for a young girl or boy. Written "memories" Yours, or stories from your parents, your grandparents of "The One-Room School house Days"...as a student, as a teacher; traveling to school; recess games; rules & responsibilities; favorite subjects, etc.

Thanks for your help!

BE AWARE – INVASIVE PLANTS

CURLY LEAF PONDWEED

ATTENTION: CURLY LEAF PONDWEED (CLP) has now been discovered in Shunenberg Lake (part of the Eau Claire chain of lakes). HELP REDUCE THE SPREAD BY AVOIDING THESE AREAS! Check the town website for further details: TownOfBarnesWI.gov

PLEASE SCOOP UP and dispose of TURIONS and floating Curly Leaf Pondweed plant fragments. The picture contains a variety of the stages, sizes and colors of AIS CLP turions that you may see floating in your lake. They fall off the plant, float and end up in the bottom of the lake where they can lay doormat for up to ten years before rooting. CLP also breaks off when caught on anchors, motors, etc.

They often contain multiple turions which then fall off to start new infestations. CLP grows under the ice dominating the sunlight and depriving native plants. The CLP grows to the surface and forms thick mats. It dies off at the beginning of July and creates Algae blooms in the middle of summer reducing oxygen for fish and creating poor swimming conditions, etc.

PLEASE avoid disturbing the plants in anyway to minimize the spread of NEW INFESTATIONS.

Your cooperation is greatly appreciated.

Boaters, please remember to remove all mud & weeds from your boats. Drain bilge, live well and motors. Help us prevent the further spread of invasive species. If you would like to further help, consider volunteering to check boats at a local landing this summer.

Gordon-Barnes Garden Club

On August 15 th the Garden Club had a special time! We toured two beautiful gardens right here in our own neighborhood belonging to two of our own members! What a treat that was!

We started at 10:30 with Rita Johnson's gardens on Bony Lake which are beautiful even with the challenge of deer wanting to eat everything she and her husband, Jim, have planted. She has containers in front of the house and on her deck. Then there are tiered gardens that lead all the way down the hill to the lake. She and Jim have also done a lot of lakeshore restoration which Rita was kind enough to explain to the group. It was another beautiful day, and the group reveled in just being out in such a beautiful setting.

Our second stop was at Pat Johnston's home on Middle Eau Claire Lake. We carried our lunches, and Pat provided beverages and some members baked cookies for us. Pat likes to experiment (she explained) with different plants in different settings. Some of her plants are in raised beds made out of watering troughs! Her pots and raised beds as well as the in ground plants (some along her shoreline) were lovely and the members not only enjoyed the beauty and the company but also the fact that we learn from each other.

Our next meeting will be September 10 th at the Barnes Town Hall at 1:30 PM. It will be partly business because we will be discussing the 2024 yearbook and a schedule of meetings. It will also be a time for sharing plants that like to be separated and transplanted in the fall. This includes a lot of bulbs. Come join us and we will welcome you.

MAKE SURE YOU HAVE YOUR PET'S MEDS AND SHOTS UP TO DATE !!

This year is no different than any other so please be sure your pet's shots are up to date, including Lymes, make sure their license is current and that the rabies tag is on their collar. Check the Town of Barnes leash and public area laws to keep your dog safe. If you're just moving to the area, your dog must be on a leash when walking or in public, and, you must have a local License tag. Visitors, please keep your tags up to date and your pet on a leash. You can get the license applications at the Town of Barnes office. Reminder: Kitties need their rabies, distemper, lymes shots and frontline/collars too! (even if they're inside kitties.) SERESTO IS A FANTASTIC PRODUCT FOR CATS AND DOGS .

PLEASE remember to walk with your dog on the ditch side of you. Walk against traffic and allow room for the passing cars. It's for their safety

PET PAGE EXTRA

WATCH YOUR DOG! We're still getting hot temps

Since a dog's body temperature is normally between 100 and 103 degrees, this means that temperatures over 100 degrees can quickly cause problems for your dog, even if they are just sitting outside in the sun.

All in all, the more humid it is, the lower the heat has to be to negatively affect your dog. Your dog may be able to withstand hotter temperatures and higher humidity if it is just sitting outside, but if you are going on a walk or run, you'll need to closely monitor whether or not your dog is getting too hot. If it's too hot for you to comfortably stand in the sun, then it's definitely too hot for your dog.

Why not share some more “End of Summer” nature pictures on the Pet Page !! Of course, Sara Michelle Crowley **NEVER** disappoints with her picture taking talents.

RECYCLING MYTHS AND FACTS:

The most common items to be recycled are: Mail, paper, glass bottles & jars, aluminum, steel & tin cans, plastic bottles, jugs and tubs.

Myth: Any plastic can be recycled

Fact: Only plastic bottles, jars, jugs, tubs with a # 1,2,5 are recyclable. Plastic buckets / pails and lids are not

Myth: Plastic bags, electronics, medical waste, Styrofoam, plastic totes, lawn chairs, empty oil containers, Amazon/USPS shipping bags, pots and pans can be recycled.

Fact: NONE of these are to go into the recycle bins

Myth: Any item placed in the recycle bin will be recycled

Fact: This is "wish-cycling". Too much contamination will cause the bin to be emptied in the landfill and fines will be levied to the transfer station.

Myth: It is ok to place small amounts of food waste (garbage) in recycle bins

Fact: ALL ITEMS MUST BE CLEAN Nothing with food waste, grease, etc. is recyclable

Myth: Plates, bowls, cups, saucers, glassware are cyclable

Fact: They are not. This includes dirty paper plates/plastic ware and solo cups

ITEMS NOT ACCEPTED AT THE BARNES TRANSFER STATION: Paint, moto oil, gas, explosives, fireworks, ammunition, flammables, antifreeze, lubricants, corrosives, etc. Ask attendant if in doubt. Keep foods and liquids out of recycling. No loose plastic bags, bagged recyclables or Styrofoam.

All cardboard boxes mut be flattened and 3x3 ft or smaller. **No** pizza boxes.

BAYFIELD COUNTY

Bayfield County is recruiting for an additional Youth Services and Support Coordinator. We are interested in finding the right individual to work with families; please share this with anyone you think would make a quality case manager, as it could really help the search!

<https://www.governmentjobs.com/careers/bayfieldco/jobs/3580102/youth-support-and-services-coordinator>

The Children's Long-Term Support (CLTS) Waiver Program is a Home and Community-Based Service (HCBS) Waiver that provides Medicaid funding for children who have substantial limitations in their daily activities and need support to remain in their home or community.

Historically, there was a waiting list for CLTS. Wisconsin Department of Health Services (DHS) established the continuous enrollment initiative in 2021.

Continuous enrollment is a process that helps kids join the CLTS Program faster. This new initiative has allowed Bayfield County to serve many more children with disabilities. It has been a challenging time for the Support and Service Coordinator to keep pace with the number of children on the case load who need service coordination.

If you have any questions regarding Bayfield County Programs, please contact:

Carrie Linder, CSW
Aging & Disability Services Manager

When a Workforce Shortage Crisis and a Caregiving Crisis Meet

“Wisconsin Working Caregivers: Strategies and Resources for Employers”

For more information, please visit [Wisconsin Family Caregiver Support Program \(wisconsinfamilycaregiver.org\)](http://wisconsinfamilycaregiver.org).

Madison, WI – The workforce shortage crisis being felt by businesses across Wisconsin includes a characteristic that is often overlooked: The need to support family caregivers in the workplace.

Employers experience a drain on productivity when employees struggle to balance their work lives with the responsibilities of caring for children, aging relatives, or disabled family members. In a recent survey, more than eight in ten employed caregivers in Wisconsin reported having their work life interrupted, resulting in workplace accommodations such as using flex time, reducing work hours, or quitting work entirely.

“Without adequate support, working caregivers and their employers suffer,” said Lynn Gall, Family Caregiver Support Programs Manager for the Wisconsin Department of Health Services and member of the survey project conducted by the Wisconsin Family and Caregiver Support Alliance (WFACSA). “The results showed us the challenges faced by working family members and friends and the businesses that employ them. Our goal at WFACSA is for every employer in Wisconsin to know about our state’s free Aging and Disability Resource Centers (ADRCs), family caregiver support programs, and other community organizations available to help support their employees.”

Conducted in partnership with UW-Madison Division of Extension, [the Wisconsin Working Caregivers Strategies and Resources for Employers](#) report published by WFACSA provides insight into challenges of recruiting and retaining employees in the current job climate. It also identifies opportunities for businesses to make positive changes simply by tapping resources already available in every Wisconsin community.

Numerous studies, including a [Harvard Business School](#) project called “Managing the Future of Work: The Caring Company,” note that employers can attract and retain more workers by helping staff balance work and family caregiving responsibilities. Employers may not realize that one in four working-age adults provides care or financial assistance to an older family member or loved one with a disability or long-term such as an adult child, spouse, or other loved one. This means that at least one quarter of potential hires and those currently working are balancing home and job responsibilities in addition to traditional child rearing.

“We learned that a few small changes can transform businesses into a place where employees will want to build a long career,” says Harriet Redman, Executive Director of WisconSibs and member of the WFACSA project. “That is why we are excited to share our survey results and open the conversation around the free and low-cost strategies and resources already available to support businesses.”

The survey also found that nearly 3/4 of respondents were not meeting their own personal needs, such as taking care of their own health, and 2/3 had difficulty balancing care for someone at home. Seventy-two percent said they were tired or worn out all the time, while 90 percent said their 2 emotional or physical health had worsened since taking on a caregiving role. (2-page synopsis of survey findings [here](#).)

Approximately 40 million Americans are providing care to an adult family member or friend, and nearly 60% of them (approximately 24 million adults) also work a paying job. Even more workers are providing care for a child with disabilities or special healthcare needs. Not only do employed caregivers experience high levels of stress, but their dual roles also impact their careers and employers.

The UW Division of Extension Employed Caregiver Survey is free and available to any employer interested in surveying their own workforce.

The mission of the [Wisconsin Family and Caregiver Support Alliance](#) is to raise awareness of family and caregiver support needs and increase the availability of and access to services and supports - both paid and unpaid - which will keep people across the lifespan engaged in their community as long as they desire. For information about the Alliance and to find resources to support families and provide care for a loved one, visit <http://wisconsinfamilycaregiver.org/alliance>

Fluorescent Lamp recycling

Wisconsin's **Focus on Energy** has sponsored a fluorescent lamp (curly type) recycling program. Residential bulbs can be recycled at the following participating local retailers:

Hayward - Ace Hardware and Co-op Hardware
 Poplar - Poplar Hardware
 Solon Springs - Solon Springs Mercantile

Some 5 million Compact Fluorescent Lamps are being sold in Wisconsin annually. While these bulbs save energy and reduce the emissions from power plants, they also contain mercury and should be recycled. According to the Mercury Product Flow Model developed for DNR, an estimated 263 kilograms (580 lbs) of mercury were released to the environment from fluorescents in 2000 -- and this was before the rapid increase in sales of compact fluorescents. The Council on Recycling has chosen mercury-containing products as one of its priorities for improving management, and, where possible, the elimination of the use of mercury.

Focus on Energy has set up a program to facilitate the take back and recycling of fluorescents at over 250 retailers throughout the state. Their web page has a locator for these businesses www.FocusOnEnergy.com. (Under 'Store Type', choose the listing for 'CFL Recycler'.)

WE STILL HAVE BUTTONS !! "THERE IS A BARNES, WISCONSIN"

Back in the 70's, the Barnes Homemakers Club sold these buttons for fundraisers.

Tom Van Delist came across one of the buttons in his mothers belongings and decided it was time to bring them back.

The buttons were sold to help raise funds to support the new storage building for the Barnes ATV and Snowmobile clubs. Also, for the Barnes Notes and News.

The buttons are \$ 3.00 each or 4/\$10.00
 We don't want the remaining buttons to sit....so let me know when you're ready to get some more!!!

Medication Drop boxes in Bayfield County

Sara Wartman, BSN, RN Director/Health Officer
 Bayfield County Health Department

With support from the Security Health Plan grant and other local funding sources, Bayfield County Health Department has installed three medication drop boxes and three sharps containers throughout the county. The medication drop boxes are located at the Bayfield County Sheriff's Department, Bayfield City Hall and the Iron River community Center. You can now dispose of old or expired medications at these locations.

Accepted Items: Prescription medications, control and non-controlled medications; over the counter medications; medication samples; vitamins; medicated ointments or lotions; inhaler.

3 Sharps Boxes are also stationed in the area. Contact Bayfield County for locations.

LET'S GET CANNING

TIPS FOR SUCCESSFUL CANNING:

- Select fruits and vegetables when they are at the peak of their quality and flavor, washing them thoroughly before using.
- Follow the directions for each recipe exactly—don't substitute ingredients or change the processing times. Prepare only one receipt at a time; do not double recipes.
- Substitute a cake cooling rack if you don't have a rack specifically made for canning. Place in the canner before you add the canning jars.
- Use only white vinegar when pickling.
- Use a canning funnel, which has a wide opening and sits on the inside of the mouth of the jar, allowing you to fill the jars cleanly and easily. Wipe the threads and rim of each jar to remove any food that spills.
- Reuse screw bands if they are not warped or rusty. Jar lids are not reusable however, so use a new one for each of your canned creations.
- Accurately measure the head space—the distance between the top of the jar to the food/liquid inside. This is critical because it affects how well the jar seals and preserves its contents. A clear plastic ruler—kept solely for kitchen use, is a big help in determining the correct headspace.
- Refrigerate leftover product if there's a small amount left that won't completely fill another jar. Use it within several days.
- Use non-metallic utensils when removing air bubbles from the jar and measuring head space.
- Store home-canned foods in your cupboard for up to one year.

HOT JARS VS. HOT STERILIZED JARS:

Why do some canning receipts call for hot sterilized jars, while others call simply for hot jars?

If the mixture will be processed in the boiling-water canner for 10 plus minutes, jars just need to be hot.

If it's less than 10 minutes, jars need to be sterilized in boiling water for 10 minutes (or 1 minute more for each 1,000 feet of additional altitude.)

You may ask, why do the jars have to be hot before hand? The liquid/food you're putting in them is boiling hot, thus if the jars are hot (besides the obvious sterilization) you aren't putting hot product into cold jars and taking a chance of them breaking either when the product goes in the jars or when you put them in the water bath.

PAY ATTENTION TO THE PECTIN

Liquid and powdered pectin are made from the natural pectin in apples and citrus fruits. However, they are not interchangeable. Always use the specific type of pectin called for.

-Taste of Home Test Kitchen

BEFORE YOU START

Before you start canning, read recipe instructions and gather all equipment and ingredients. Inspect the glass canning jars carefully for any chips, cracks, uneven rims or sharp edges that may prevent sealing or cause breakage. Discard any imperfect jars. Do the same with lids and rings to make sure no dents or dings.

LET'S GET CANNING

PICKLED BEETS

Ingredients:

10 pounds fresh small beets, stems removed
2 cups white sugar
1 tablespoon pickling salt
1 quart white vinegar
¼ cup whole cloves

Directions:

Place beets in a large stockpot with water to cover. Bring to a boil, and cook until tender, about 15 minutes depending on the size of the beets. If beets are large, cut them into quarters. Drain, reserving 2 cups of the beet water, cool and peel.

Sterilize jars and lids by immersing in boiling water for at least 10 minutes. Fill each jar with beets and add several whole cloves to each jar.

In a large saucepan, combine the sugar, beet water, vinegar, and pickling salt. Bring to a rapid boil. Pour the hot brine over the beets in the jars, and seal lids.

Place a rack in the bottom of a large stockpot and fill halfway with water. Bring to a boil over high heat, then carefully lower the jars into the pot using a holder. Leave a 2 inch space between the jars. Pour in more boiling water if necessary until the water level is at least 1 inch above the tops of the jars. Bring the water to a full boil, cover the pot, and process for 10 minutes.
