

**Town of Barnes
Transfer Site Committee Meeting Minutes
Friday, September 11, 2015**

Called meeting to order at 10:00 a.m.

Roll Call→Paul, Susan, Greg, Tom—Tom K. joined later.

Verification was made on Public notice posting.

We talked about the subject of Tires—Paul has checked on a couple of places that would take them and the cost is \$.15 a Lb. if we haul them or \$.20/\$.25 a Lb. having them picked up. We need to investigate further to see if there are other options.

Batteries are also becoming an issue some batteries recyclers do not except.

Meeting with Michelle Ladehoff the Territory Rep. from Republic Services

*We talked about recycling changes – one area of change from the way we have been doing things currently – we can start to recycle **empty** oil cans, windshield washer plastic containers, Anti-Freeze plastic containers, and aseptic milk and juice cartons. Anything marked recyclable 1-7 are okay to recycle.

Paint cans go to the landfill but they must be dry—no wet paint.

>Recommendation to the Board to increase the price of the black larger bags from \$3.00 to \$4.00.

*Michelle brought signs that Republic has made and will take one back and have some changes made to it and this should be returned within a week. In addition, she will also provide us with some hand out material that we can use to aid in informing the public as to what can or cannot be recycled.

We agreed to no changes on what is currently being done with the Metal, TV's, Refrigeration and Electronics this will be monitored as we move forward.

Transfer Site Hours for the 2016 fiscal year-→the committee **is recommending to the Town Board that we establish business hours from 8:00 a.m. to 2:00 p.m. on all days that the we are open. Effective January 1, 2016. Motion by Greg—seconded by Susan—carried.**

Next meeting-→Thursday October 1, 2015 at 10:00 a.m.

Motion by Greg and seconded by Paul to adjourn—carried.
