

Minutes of the Transfer Site & Waste Management Committee

May 23rd, 2012

Meeting was called to order at 2:04pm. Present were Mitch McGee, Bob Lang, Susan Pagnucci, Greg Martin, Jim Olesen, Gene Ratzel, and Tom Peiters. Also attending were Donna Porter and Jack Mienke.

There was discussion about the transfer site changes. The public is having trouble adjusting to the one stop unloading and there has been congestion when users walk across the lanes to get to the other facilities. The committee decided to reconvene at the site after going through the agenda to further discuss possible adjustments.

Greg Martin made a motion to:

- 1) Re-instate payment for garbage by users
- 2) Ask the Town Board to consider allowing businesses and town organizations to use the transfer site

Gene Ratzel seconded the motion. There was discussion about prices and it was agreed that this would be discussed later or left to the Town Board. There was also discussion about the Town issued bags. It was the general consensus that it would be better to utilize regular garbage bags and have the attendant determine the category/size of the bags. The motions passed by a majority with Susan Pagnucci opposed.

Motion made by Greg Martin and seconded by Jim Olesen to move to the Transfer Site. Motion carried. Reconvened down at the Transfer Site at 3:10.

There was discussion about the traffic problems and utilization of the building. The end decision was to move the recycle and aluminum dumpsters to the perimeter. The committee agreed to meet again on June 6th and review the success of the changes.

Meeting adjourned at 3:45.

Respectfully submitted,

Bob Lang – Roads & Property Foreman
